The Trusted Skincare Brand

Risha Glycerine has established itself as a reliable name in the personal care and skincare market, particularly known for its focus on purity and traditional hydration methods. Manufactured by **Shyam Chemical India**, a company based in Kanpur with over five decades of expertise (founded in 1972), Risha has become a go-to for those seeking high-quality, budget-friendly moisture solutions.

Our Mission

At Risha, our mission is rooted in the belief that true beauty begins with purity. We don't believe in over-complicating skincare with fleeting trends or aggressive synthetics. Instead, we are dedicated to reviving the time-honored tradition of simple, effective hydration that has served families for generations.

Our commitment is to provide **100% pure, pharmaceutical-grade glycerine** that acts as a bridge between traditional Ayurvedic wisdom and modern dermatological needs. We believe that everyone deserves access to high-quality skincare without the "luxury" price tag. Our mission is to remain an affordable, transparent, and honest staple in the Indian household.

Our Core Commitments:

Uncompromising Purity: We source and refine our glycerine to ensure it remains free from harmful additives, making it safe for the most delicate skin—from newborns to the elderly. We honor our 50-year legacy of Sustainable Heritage by maintaining manufacturing standards that respect the environment and the communities we serve in Kanpur and beyond, Empowering the Consumer We aim to educate our users on the versatility of glycerine, empowering you to take control of your skincare routine through simple, DIY-friendly solutions that actually work.

deeply penetrates skin layers to
lock in moisture and eliminate
dryness instantly.

20%
OFF

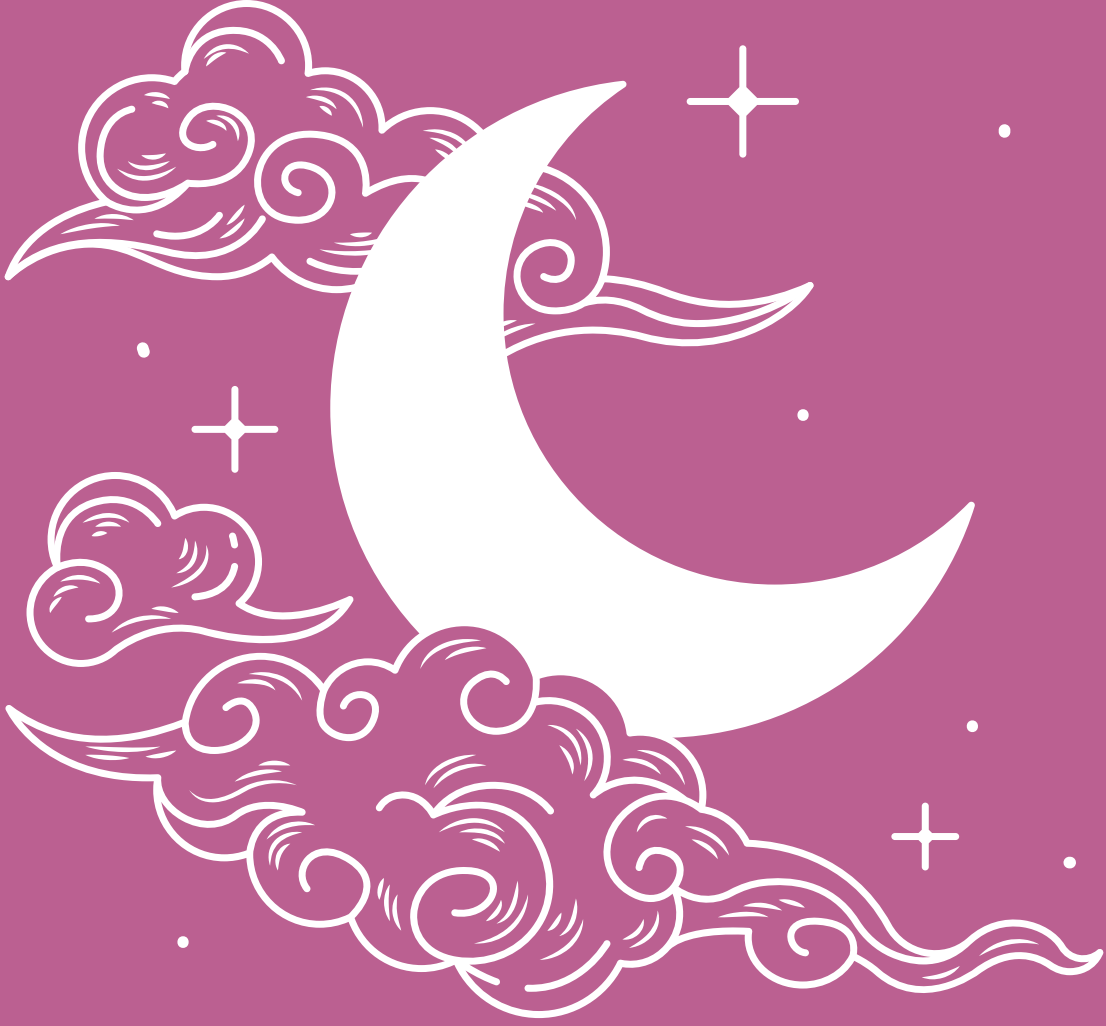

Cold Cream Milk & Honey

Works effectively as a daily moisturizer, a protective barrier for dry patches, and even a gentle makeup remover for a clean, hydrated finish.

#coldcream

Risha Mosquito Oil

Formulated with potent herbal extracts to provide a long-lasting, effective barrier against mosquitoes and other biting insects without the use of harsh synthetic chemicals and provides refreshing, natural fragrance that keeps the surroundings pleasant

Nature Ingredients

- Citonella
- Neem Oil
- Lemon Grass Oil

Range of Mosquito oil

40 ML Bottle

Housed in a sleek, travel-friendly 40ml bottle, the packaging is designed for both home use and outdoor use

2 ML Sachets Pack

These 2ml sachets offer a streamlined, "on-the-go" solution, providing the perfect measured dose for a single application in a compact format that fits easily into pockets

Our Economic range

We believe that effective skincare is a necessity, not a luxury. APPS is committed to providing economical, honest, and reliable solutions that work hard for your family, ensuring that premium-grade care is accessible to every corner of the market.

Apps GLYCERINE

Engineered for maximum utility, this economical staple is perfect for DIY skincare, winter protection, and everyday household grooming needs without the premium price tag

Apps Gulabjal

Experience the timeless secret of Indian beauty with our Premium Gulabjal (Rose Water). Steam-distilled from the finest hand-picked petals, our rose water is more than just a toner—it is a bottle of pure, liquid grace designed to revitalize your skin and soul. Unlike mass-produced alternatives that rely on synthetic fragrances and alcohol, our Gulabjal is crafted through traditional hydro-distillation. This ensures that every drop retains the volatile oils and soul of the rose.

Cosmetics

Citronella Incense Sticks

Apps Prickly Heat powder

Infused with specialized cooling agents that lower the skin's surface temperature on contact. Formulated to soothe existing rashes, absorb sweat, and prevent bacterial growth that leads to further irritation. Our micro-milled powder goes on smooth without clumping, ensuring your skin feels silky, not chalky

Apps Neem Booz

Known for its natural antibacterial and antifungal properties, Neem works to deep-cleanse your skin and prevent the germs that cause body odor and heat rashes. Infused with citrus extracts to provide an immediate burst of freshness, leaving your skin feeling bright, revitalized, and smelling incredible. Formulated with traditional herbal coolants that provide a tingling, "ice-pack" effect that lasts for hours.
